ELVEKROI RESTAURANT

About Elvekroi restaurant

We are a family restaurant that wants to provide the local community with a year-round opportunity to go to the restaurant and celebrate important moments as well as the opportunity to relax with family and friends in a pleasant atmosphere and with quality local food.

Since we are from Croatia, you will also have the opportunity to try various specialties from the Balkans, which you have already liked.

We are located along the Selto-Ljøsne section.

We also want to provide tourists with an unforgettable experience that they will take with them from our restaurant to their homelands.

Welcome!
