BORGUND STAVE CHURCH

About Borgund Stave Church

Welcome
We are so fortunate that some of the most impressive and popular sections of the King's Road lies within a short distance from the Borgund Stave Church. Here you can hike on the famous Vindhellavegen or walk the round-trip Vindhella-Sverrestigen. A little down from us you will find Sjurhaugsfossen which is a great start for a trip to the Galdane or the round-trip Galdane-Seltåsen.

Welcome to Borgund Stave Church
Borgund Stave Church (built aprox. 1180) is the best preserved stave church in Norway. The church is centrally located next to the King's Road.
