Suitable for
All

Available periods
Whole year

Description

On the mountain between east and west of Norway, we sew together activities and guiding with several different accommodation options:

Rooms / apartments:

Centrally located on Tyinkrysset just off the Kings Road, we have 15 renovated rooms / apartments for rent. We have both single rooms, double rooms and rooms with family beds. All rooms have wireless internet and a private bathroom with shower and toilet. Most also have a small kitchenette with the option of simple cooking. Furthermore, there is a common room with access to a fully equipped kitchen, sofa group, reading corner and games. If you need to wash clothes during your stay, there is also a laundry room that you can use.

Camping:

If you would rather set up your tent, you can use our campsite with its own sanitary facility.

Mountain cabins:

We have several mountain cabins that are located completely for themselves with the opportunity for, among other things, boat fishing.
