Description

Join a two hours painting course on **Løytnantsbryggja** - «the lieutenant pier» - at the end of Kongevegen.

Together with the local artist Kristen Olav Grøtnebø you will paint a 20x20 motif called «typical Lærdal» and learn simple techniques on how art painting can be done. «Typical Lærdal» is Grøtnebø's signature painting.

The mini course is on Saturday's 1-3 pm in his studio at Løytnantsbryggja.

On this pier, the boats docked with goods ment for transport on the Kongevegen in the old days.

Easel, plate, paint, brush - all the equipment you need - are included in the price.

The painting you paint, you can of course take home as a selfmade souvenir from Lærdal.

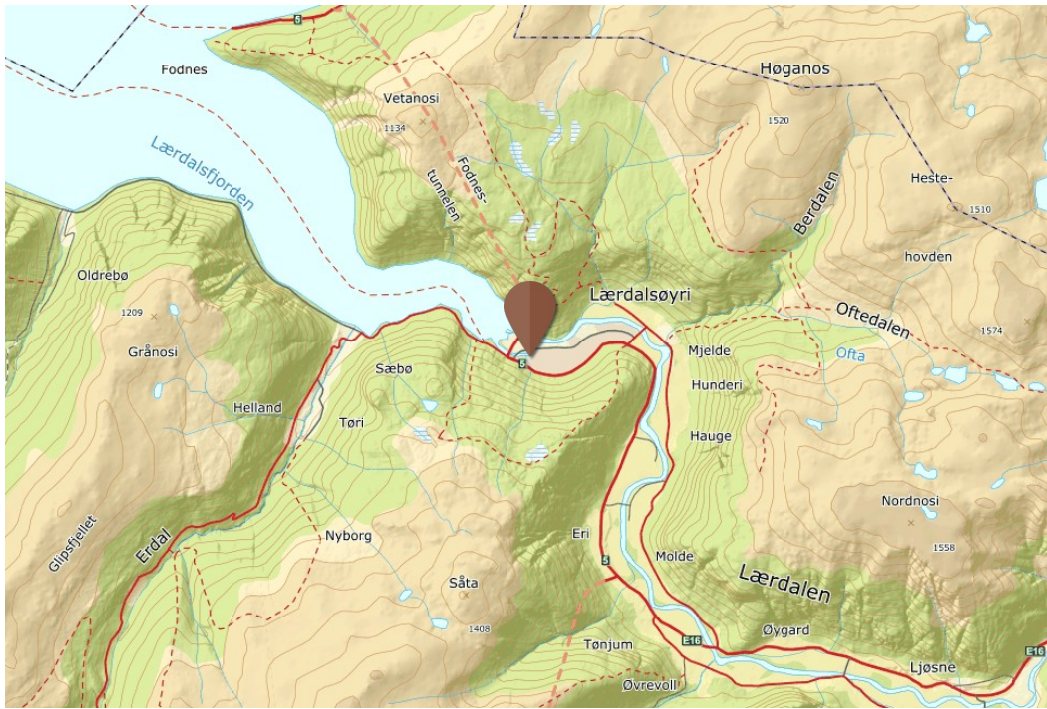

NB: Limited number of participants. The first 5 who order have priority.

If there are more participants, these can be moved to a later time the same day or the following day.
