SOGN ART CENTER

About Sogn Art Center

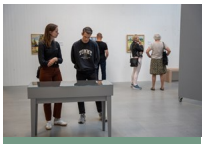

Sogn Art Center is located in Lærdal Cultural Center under the same roof as the National Wild Salmon Centre, the tourist information and Laksen bakery & café.

There is a joint ticket to Sogn Art Center and the National Wild Salmon Centre.

Lærdal's own artist, Hans Gjesme (1904-1994), donated an extensive collection of works of art to the municipality in 1994.

The art needed shelter, and the village built an art center. Here you can experience exhibitions with Gjesme and others.
